

SHORT TERM PUBLIC NOTICE UNDER RULE 51.333(a)

February 4, 2026

Carrier: Verizon Pennsylvania LLC, 900 Race Street, Philadelphia, PA 19107

Contact: For additional information on these planned network changes, please contact:

Lisa M Thompson
Global Engineering and System Performance
Verizon Wireline Network Operations
13100 Columbia Pike
Silver Spring, MD 20904
(410) 375-9777

Michael Childs
Associate Director
Verizon Network Engineering
5055 North Point Pkwy.
Alpharetta, GA 30022
(469) 497-4466

Implementation Date: On or after **March 27, 2026**

Planned Network Change(s) Will Occur at the Following Pennsylvania Location(s):

Verizon Central Office	Address	CLLI
Penny Packer PA 5ESS Switch	432 S. 17 th Street Philadelphia, PA 19146	PHLAPAPEDS0
Market PA C20 Switch	900 Race Street Philadelphia, PA 19107	PHLAPAMKPS2

This notice may also be viewed at:

<http://www.verizon.com/about/terms-conditions/network-disclosures>

PLEASE NOTE:

- All references to the Penny Packer PA 5ESS switch are associated with CLLI code **PHLAPAPODS0** and will not be repeated throughout the notice.
- All references to the Market PA C20 switch are associated with CLLI code **PHLAPAMKPS2** and will not be repeated throughout the notice.

Description of the Planned Network Change(s):

The Verizon Penny Packer PA 5ESS switch, located at 432 S. 17th Street, Philadelphia, PA 19146, will be retired and removed from the Verizon network after all traffic served by this switch is migrated to the Verizon Market PA C20 switch, located at 900 Race Street, Philadelphia, PA 19107. All traffic to be migrated to the Market PA C20 switch includes, but is not limited to, Inter-LATA (ACCESS/FG-B-D/CLEC IXC), wireless and paging traffic.

Description of Reasonably Foreseeable Impact(s) of the Planned Change(s):

Competitive local exchange carriers (CLECs), interexchange carriers (IXCs, IECs), wireless carriers, and paging carriers will need to secure new trunk groups built to the Market PA C20 switch or have existing trunk groups to that switch augmented. Carriers that are code holders for access connectivity in the Penny Packer PA 5ESS switch will be required to reposition the codes to the Market PA C20 switch.

All ASRs for the Market PA C20 switch must be received no later than February 25, 2026, to provide sufficient time to migrate the traffic described above. These direct end office trunk (DEOT) interconnections will support traffic migration for the Penny Packer PA 5ESS switch prior to its eventual decommissioning. Local Exchange Routing Guide (LERG) change effective dates will be posted prior to decommissioning of the Penny Packer PA 5ESS switch (**on or after March 27, 2026**). This will serve to guide interconnect re-routes of traffic for the thirteen (13) native codes currently served by the Penny Packer PA 5ESS switch to reflect the Market PA C20 switch as the new home switch.
