Tulsa, OK 74117

**SHORT TERM PUBLIC NOTICE UNDER RULE 51.333(a)**

February 4, 2026

**Carrier:** Verizon Pennsylvania LLC, 900 Race Street, Philadelphia, PA 19107

**Contact:** For additional information on these planned network changes, please contact:

Lisa Thompson  
Global Data Network Engineering  
Verizon Wireline Network Operations  
13100 Columbia Pike, Floor 5 Room 505  
Silver Spring, MD 20904  
410-375-9777

Michael Childs  
Associate Director  
Verizon Network Engineering  
5055 North Point Pkwy.  
Alpharetta, GA 30022  
469-497-4466

**Implementation Date:** On or after March 27, 2026

**Planned Network Change(s) will occur at the following locations in Pennsylvania:**

Verizon Central Office	Address	CLLI
Crafton PA EWSD Switch	11 Sidney Street Crafton, PA 15205	<b>CRAFPACRDS0</b>
Oakland PA CS2K Switch	530 N. Neville Street Pittsburgh, PA 15213	<b>PITBPAOKPS0</b>

**This notice may also be viewed at** <http://www.verizon.com/about/terms-conditions/network-disclosures>

**PLEASE NOTE:**

- All references to the Crafton PA EWSD switch are associated with CLLI code CRAFPACRDS0 and will not be repeated throughout this notice.
- All references to the Oakland PA CS2K switch are associated with CLLI code PITBPAOKPS0 and will not be repeated throughout this notice.

**Description of the Planned Network Change(s):**

The Verizon Crafton PA EWSD switch, located at 11 Sidney Street, Crafton, PA 15205, will be retired and removed from the network after all traffic served by this switch is migrated to the Verizon Oakland PA CS2K switch, located at 530 N. Neville Street, Pittsburgh, PA 15213. All traffic to be migrated includes, but is not limited to, Inter-LATA (ACCESS/FG-B-D/CLEC/IXC), wireless, and paging traffic.

**Description of Reasonably Foreseeable Impact(s) of the Planned Change(s):**

Competitive local exchange carriers (CLECs), interexchange carriers (IXCs, IECs), wireless carriers, and paging carriers will need to secure new trunk groups built to the Oakland PA CS2K switch or have existing trunk groups to that switch augmented. Carriers that are code holders for access connectivity in the Crafton PA EWSD switch will be required to reposition the codes to the Oakland PA CS2K switch.

All ASRs for the Oakland PA CS2K switch must be received no later than February 25, 2026, to provide sufficient time to migrate the traffic described above. These direct end office trunk (DEOT) interconnections will support traffic migration for the Crafton PA EWSD switch prior to its eventual decommissioning. Local Exchange Routing Guide (LERG) change effective dates will be posted prior to decommissioning of the Crafton PA EWSD switch (**on or after March 27, 2026**). This will serve to guide interconnect re-routes of traffic for the seven (7) native codes currently served by the Crafton PA EWSD switch to reflect the Oakland PA CS2K switch as the new home switch.
