

### **SHORT TERM PUBLIC NOTICE UNDER RULE 51.333(a)**

February 4, 2026

**Carrier:** Verizon Virginia LLC, 22001 Loudoun County Parkway, Ashburn, VA 20147

**Contact:** For additional information on these planned network changes, please contact:

Lisa M Thompson  
Global Engineering and System Performance  
Verizon Wireline Network Operations  
13100 Columbia Pike  
Silver Spring, MD 20904  
(410) 375-9777

Michael Childs  
Associate Director  
Verizon Network Engineering  
5055 North Point Pkwy.  
Alpharetta, GA 30022  
(469) 497-4466

**Implementation Date:** On or after **March 27, 2026**

**Planned Network Change(s) will occur at the following locations in Virginia:**

Verizon Central Office	Address	CLLI
Cameron VA 5ESS Switch	4242 Duke Street Alexandria, VA 22304	ALXNVACNDS0
Fairfax VA C20 Switch	10431 Fairfax Boulevard Fairfax, VA 22030	FRFXVAFFPS1

**This notice may also be viewed at:**

<http://www.verizon.com/about/terms-conditions/network-disclosures>

**PLEASE NOTE:**

- All references to the Cameron VA 5ESS switch are associated with CLLI code ALXNVACNDS0 and will not be repeated throughout the notice.
- All references to the Fairfax VA C20 switch are associated with CLLI code FRFXVAFFPS1 and will not be repeated throughout the notice.

**Description of the Planned Network Change(s):**

The Verizon Cameron VA 5ESS switch, located at 4242 Duke Street, Alexandria, VA 22304, will be retired and removed from the Verizon network after all traffic served by this switch is migrated to the Fairfax VA C20 switch, located at 10431 Fairfax Boulevard, Fairfax, VA 22030. All traffic to be migrated to the Fairfax VA C20 switch includes, but is not limited to, Inter-LATA (ACCESS/FG-B-D/CLEC IXC), wireless and paging traffic.

**Description of Reasonably Foreseeable Impact(s) of the Planned Change(s):**

All carriers, including competitive local exchange carriers (CLECs), Interexchange carriers (IXCs, IECs), wireless carriers, and paging carriers, will need to provision new trunk groups to support direct end office trunking to the Fairfax VA C20 switch or have existing trunk groups to that switch augmented.

All ASRs for the Fairfax VA C20 must be received no later than **February 25, 2026**, to provide sufficient time to migrate the traffic described above. Local Exchange Routing Guide (LERG) change effective dates will be posted prior to decommissioning of the Cameron VA 5ESS switch (**on or after March 27, 2026**). This will serve to guide interconnect re-routes of traffic for the NPA codes currently served by the Cameron VA 5ESS switch to reflect the Fairfax VA C20 switch as the new home switch. All trunks to the Fairfax VA C20 switch must be in place prior to the decommissioning of the Cameron VA 5ESS switch.
