

6929 N. Lakewood Avenue
Tulsa, OK 74117

SHORT TERM PUBLIC NOTICE UNDER RULE 51.333(a)

February 4, 2026

Carrier: Verizon New York Inc., 140 West Street, New York, NY 10007

Contact: For additional information on these planned network changes, please contact:

Marcia Chaffin
Verizon Network Engineering
385 Myles Standish Blvd.
Taunton, MA 02780
978-552-3638

Michael Childs
Associate Director
Verizon Network Engineering
5055 North Point Pkwy.
Alpharetta, GA 30022
469-497-4466

Implementation Date: On or after March 27, 2026.

Planned Network Change(s) will occur at the following locations in New York:

Verizon Central Office	Address	CLLI
Syracuse Dippold NY DMS100 Switch	21 Dippold Avenue Syracuse, NY 13208	SYRCNYDDDS0
Syracuse NY Packet End Office (PEO) Switch	201 S. State Street Syracuse, NY 13202	SYRCNYSUPSO

This notice may also be viewed at:

<http://www.verizon.com/about/terms-conditions/network-disclosures>

PLEASE NOTE:

- All references to the Syracuse Dippold NY DMS100 switch are associated with CLLI code SYRCNYDDDS0 and will not be repeated throughout this notice.
- All references to the Syracuse NY PEO switch are associated with CLLI code SYRCNYSUPSO and will not be repeated throughout this notice.

Description of the Planned Network Change(s):

The Verizon Syracuse Dippold NY DMS100 switch, located at 21 Dippold Avenue, Syracuse, NY 13208, will be retired and removed from the network after all traffic served by this switch is migrated to the Verizon Syracuse NY PEO switch, located at 201 S. State Street, Syracuse, NY 13202. All traffic to be migrated includes, but is not limited to, Inter-LATA (ACCESS/FG-B-D/CLEC/IXC), wireless, and paging traffic.

Description of Reasonably Foreseeable Impact(s) of the Planned Change(s):

Competitive local exchange carriers (CLECs), interexchange carriers (IXCs, IECs), wireless carriers, and paging carriers will need to secure new trunk groups built to the Syracuse NY PEO switch or have existing trunk groups to that switch augmented. Carriers that are code holders for access connectivity in the Syracuse Dippold NY DMS100 switch will be required to reposition the codes to the Syracuse NY PEO switch.

All ASRs for the Syracuse NY PEO switch must be received no later than February 20, 2026, to provide sufficient time to migrate the traffic described above. These direct end office trunk (DEOT) interconnections will support traffic migration for the Syracuse Dippold NY DMS100 switch prior to its eventual decommissioning. Local Exchange Routing Guide (LERG) change effective dates will be posted prior to decommissioning of the Syracuse Dippold NY DMS100 switch (**on or after March 27, 2026**). This will serve to guide interconnect re-routes of traffic for the two (2) native codes currently served by the Syracuse Dippold NY DMS100 switch to reflect the Syracuse NY PEO switch as the new home switch.
