

6929 N. Lakewood Avenue  
Tulsa, OK 74117

**SHORT TERM PUBLIC NOTICE UNDER RULE 51.333(a)**

February 4, 2026

**Carrier:** Verizon New York Inc., 140 West Street, New York, NY 10007

**Contact:** For additional information on these planned network changes, please contact:

Marcia Chaffin  
Verizon Network Engineering  
385 Myles Standish Blvd.  
Taunton, MA 02780  
978-552-3638

Michael Childs  
Associate Director  
Verizon Network Engineering  
5055 North Point Pkwy.  
Alpharetta, GA 30022  
469-497-4466

**Implementation Date:** On or after March 27, 2026.

**Planned Network Change(s) Will Occur at the following locations in New York:**

<b>Verizon Central Office</b>	<b>Address</b>	<b>CLLI</b>
Buffalo South Park NY DMS100 Switch	1861 South Park Avenue Buffalo, NY 14220	<b>BFLONYSPDS0</b>
Buffalo NY Packet End Office (PEO) Switch	65 Franklin Street Buffalo, NY 14202	<b>BFLONYFRPS0</b>

**This notice may also be viewed at:**

<http://www.verizon.com/about/terms-conditions/network-disclosures>

**PLEASE NOTE:**

- All references to the Buffalo South Park NY DMS100 switch are associated with CLLI code BFLONYSPDS0 and will not be repeated throughout this notice.
- All references to the Buffalo NY PEO switch are associated with CLLI code BFLONYFRPS0 and will not be repeated throughout this notice.

**Description of the Planned Network Change(s):**

The Verizon Buffalo South Park NY DMS100 switch, located at 1861 South Park Avenue, Buffalo, NY 14220, will be retired and removed from the network after all traffic served by this switch is migrated to the Verizon Buffalo NY PEO switch, located at 65 Franklin Street, Buffalo, NY 14202. All traffic to be migrated includes, but is not limited to, Inter-LATA (ACCESS/FG-B-D/CLEC/IXC), wireless, and paging traffic.

**Description of Reasonably Foreseeable Impact(s) of the Planned Change(s):**

Competitive local exchange carriers (CLECs), interexchange carriers (IXCs, IECs), wireless carriers, and paging carriers will need to secure new trunk groups built to the Buffalo NY PEO switch or have existing trunk groups to that switch augmented. Carriers that are code holders for access connectivity in the Buffalo South Park NY DMS100 switch will be required to reposition the codes to the Buffalo NY PEO switch.

All ASRs for the Buffalo NY PEO switch must be received no later than February 20, 2026, to provide sufficient time to migrate the traffic described above. These direct end office trunk (DEOT) interconnections will support traffic migration for the Buffalo South Park NY DMS100 switch prior to its eventual decommissioning. Local Exchange Routing Guide (LERG) change effective dates will be posted prior to decommissioning of the Buffalo South Park NY DMS100 switch (**on or after March 27, 2026**). This will serve to guide interconnect re-routes of traffic for the eight (8) native codes currently served by the Buffalo South Park NY DMS100 switch to reflect the Buffalo NY PEO switch as the new home switch.
