

**SHORT TERM PUBLIC NOTICE UNDER RULE 51.333(a)**

February 4, 2026

**Carrier:** Verizon New Jersey Inc., One Verizon Way, Basking Ridge 07920

**Contact:** For additional information on these planned network changes, please contact:

Lisa Thompson  
Global Data Network Engineering  
Verizon Wireline Network Operations  
13100 Columbia Pike, Floor 5 Room 505  
Silver Spring, MD 20904  
410-375-9777

Michael Childs  
Associate Director  
Verizon Network Engineering  
5055 North Point Pkwy.  
Alpharetta, GA 30022  
469-497-4466

**Implementation Date:** On or after March 27, 2026

**Planned Network Change(s) will occur at the following locations in New Jersey:**

Verizon Central Office	Address	CLLI
Passaic NJ DMS100 Switch	133 Prospect Street Passaic, NJ 07055	PSSCNJPSDS5
Rochelle Park NJ CS2K Switch	65 W. Passaic Street Rochelle Park, NJ 07662	RCPKNJ01PS0

**This notice may also be viewed at <http://www.verizon.com/about/terms-conditions/network-disclosures>**

**PLEASE NOTE:**

- All references to the Passaic NJ DMS100 switch are associated with CLLI code PSSCNJPSDS5 and will not be repeated throughout this notice.
- All references to the Rochelle Park NJ CS2K switch are associated with CLLI code RCPKNJ01PS0 and will not be repeated throughout this notice.

**Description of the Planned Network Change(s):**

The Verizon Passaic NJ DMS100 switch, located at 133 Prospect Street, Passaic, NJ 07055, will be retired and removed from the network after all traffic served by this switch is migrated to the Verizon Rochelle Park NJ CS2K switch, located at 65 W. Passaic Street, Rochelle Park, NJ 07662. All traffic to be migrated includes, but is not limited to, Inter-LATA (ACCESS/FG-B-D/CLEC/IXC), wireless, and paging traffic.

**Description of Reasonably Foreseeable Impact(s) of the Planned Change(s):**

Competitive local exchange carriers (CLECs), interexchange carriers (IXCs, IECs), wireless carriers, and paging carriers will need to secure new trunk groups built to the Rochelle Park NJ CS2K switch or have existing trunk groups to that switch augmented. Carriers that are code holders for access connectivity in the Passaic NJ DMS100 switch will be required to reposition the codes to the Rochelle Park NJ CS2K switch.

All ASRs for the Rochelle Park NJ CS2K switch must be received no later than February 21, 2026, to provide sufficient time to migrate the traffic described above. These direct end office trunk (DEOT) interconnections will support traffic migration for the Passaic NJ DMS100 switch prior to its eventual decommissioning. Local Exchange Routing Guide (LERG) change effective dates will be posted prior to decommissioning of the Passaic NJ DMS100 switch (**on or after March 27, 2026**). This will serve to guide interconnect re-routes of traffic for the seventeen (17) native codes currently served by the Passaic NJ DMS100 switch to reflect the Rochelle Park NJ CS2K switch as the new home switch.
